

ADP® Professional Services Workforce Now to WinTeam Integration

Offered by

You have invested in ADP Workforce Now® to help your HR team be more efficient and create an employer-of-choice environment. You also decided to utilize WinTeam’s ERP. Why perform dual maintenance on each of your critical systems?

With the ADP Professional Services’ WinTeam integration, we will reduce the amount of manual effort you spend maintaining your systems and data errors. As many of the elements required in both systems need to be kept in sync, we will generate transactions that will update your WinTeam system.
